

8th Grade TAKS Math Class Ms. Goss

This year I will be teaching math classes that focus on the TAKS test for grade 8. These classes are designed to help students prepare for the test and sharpen skills that may need a little extra edge. In addition, the skills needed to succeed in high school math classes are reinforced.

Grading for these classes will be the same as any math class. The chart below describes the number/letter correspondence.

Letter Grade	Numerical Grade	
A	90 – 100	Excellent progress
B	80 – 89	Good progress
C	75 – 79	Satisfactory / average progress
D	70 – 74	Minimal progress
F	Below 69	Unsatisfactory progress
I	Incomplete	

Homework will be assigned Monday through Thursday and is due each day. Class assignments are graded on a daily basis. The following chart shows the value of completed work.

Homework	10%
Classwork	40%
Tests	50%

Extra credit work can be requested to bring up grades if all assignments are complete and student's grade is below passing.

Make up work is always available and points are not deducted for excused absences.

Late work is accepted with a 10 point deduction for every day past the due date.

Please contact me by email at dgoss@newcaneyisd.org or by phone at **281-577-8840**. My conference is 5th period, but feel free to contact me and leave a message if necessary. I will return your call or email promptly.

I look forward to teaching your children this year!

Donna Goss
