Shasta Sekal - Special Education Basic Math Teacher

Room 621, Conference - 3rd period 9:14 – 10:06

Tutoring Schedule – Everyday before school from 6:45 – 7:15

Everyday after school from 2:30 – 3:30

- **Basic math for 7th and 8th grade is a math course offered to special education students and is tied directly to the individual education plans determined through our ARD committees. As a result, while following the 7th and 8th grade, the curriculum for this course will be individualized to meet the student's needs. This is to ensure that the students will maintain prior knowledge while gearing up for the Math TAKS test in the Spring. This course will typically involve homework assigned on Monday through Thursday and daily assignments in the classroom.**

Grading Procedures

Daily grades will make up 40% of the overall grade.

Homework will make up 10% of the overall grade.

Major tests will make up 50% of the overall grade.

Late work will follow general school guidelines.
